*Based at*

*The Ohio State University  
Wexner Medical Center*

*Held at*

*Mount Carmel West Hospital  
Medical Staff Building  
Auditorium 1<sup>st</sup> Floor  
793 West State Street  
Columbus, Ohio 43222*

## BUILDING RESILIENCE: A COMMUNITY RESPONSE

Resilience has been defined as the process of adapting well in the face of adversity, trauma, tragedy or stress. A movement is occurring both nationally and locally to reverse the negative effects of Adverse Childhood Experiences (ACES) by building resilience. Please join us as we explore these cutting edge developments in depth.

## TOPIC DESCRIPTIONS

### ***“Community Resilience Coalition: Becoming a Trauma Informed Community.”***

*Marian Stuckey, MBA, MSW, LSW*

*Carly Mesnick, LPCC-S*

This presentation will introduce the audience to the current process of helping Columbus become a trauma informed community and what that entails. The audience will learn more about the Community Resilience Coalition including how it began and the progress the Coalition has made. The impact of trauma on a community level will also be reviewed as well as how resilience is fostered at this level.

### ***“Resilience: The Biology of Stress and the Science of Hope- Panel Discussion.”***

*Gail Horner, Diane Lampkins, Carly Mesnick, Marian Stuckey and Shari Uncapher*

This presentation will include a panel discussion to address attendee questions and provide expert insights into the topic of Resilience.

### ***“Forensic Interviewing: Supporting children, families and professionals.”***

*Diane Lampkin, MA, LSW*

This presentation will explore a coordinated approach to child abuse. A profile of collaborations that fosters hope and healing.

### ***“Dopey, Doc and Grumpy: A Model of Resilience.”***

*Shari Uncapher, MSW, LISW-S*

This presentation will discuss the practical definitions and concepts associated with resilience. The second half of the workshop will be the discussion of a model of resilience based on personal attributes.

### ***“Building Resilience: The Importance of Screening, Intervention, and Anticipatory Guidance.”***

*Gail Horner, DNP, CPNP*

This presentation will discuss the impact of child demographics and familial psychosocial characteristics on child sexual abuse re-victimization and explore pediatric health care provide practice behaviors related to child maltreatment. Both will be discuss in terms of resilience.
