

What is Stewards of Children®?

Darkness to Light's Stewards of Children® is a prevention training that teaches parents, adults, and caregivers how to prevent, recognize, and react responsibly to child sexual abuse. It is an evidence-informed program proven to increase knowledge, improve attitudes, and change child protective behaviors.

The training includes video sessions with real people and real stories along with a virtual discussion led by a local expert on how to protect children. You will hear from survivors who were able to find healing and meet experts who work with children and families. Resources will also be provided to support healthy, happy kids.
